|  |                               |                                                                                                                                                                                                                  |
|--|-------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|  | <b>Safe Print Area</b>        | Keep all important text, logos and graphics inside this area.                                                                                                                                                    |
|  | <b>Trim Line (Final Size)</b> | This is the final cut/print size.                                                                                                                                                                                |
|  | <b>File Format</b>            | PDF, PNG or JPG (preferred PDF)                                                                                                                                                                                  |
|  | <b>Color Mode</b>             | CMYK (for accurate print colours)                                                                                                                                                                                |
|  | <b>Resolution</b>             | 300 DPI or higher                                                                                                                                                                                                |
|  | <b>Design Tips</b>            | <ul style="list-style-type: none"><li>Keep text and logos inside the safe area.</li><li>Avoid very small text.</li><li>Use high contrast colours for best results.</li><li>Remove unnecessary borders.</li></ul> |
